辦學宗旨 Philosophy

培亮國際幼稚園以「培育幼兒、亮出潛能」為辦學宗旨，以「兒童為本」為幼兒提供一個愛與關懷的學習園地。學校以融合中西教育的精粹，重視幼兒兩文三語的學習能力，啟發他們個人的潛能發展，為日後升讀本地及國際學校作好準備，奠定終身學習的穩固根基。

With the vision of "Bring up children's knowledge; Lighten up their potential", Brightland International Kindergarten aims to provide children with a loving and caring learning environment based on a "children-oriented" approach. Fusing the essence of Chinese and Western education, the school stresses the importance of helping children become bilingual and triliterate so as to realise their full potential, and prepare them for future studies in local or international schools and equip them with a solid foundation for life-long learning.

校本課程
School-based Curriculum

我們的課程以幼兒為中心，著重幼兒兩文三語的發展，中、外籍教師共同以綜合教育課程教學。我們也相信群性、情緒、體能及德育對幼兒的整體發展也是十分重要的，所以我們給予他們充份的自由和機會去發展邏輯性思維和判斷能力，培養他們的自信和獨立自主能力的正確學習態度。

Our curriculum targets children in their early years of schooling.We place emphasis on the development of children's bilingual and triliterate competency through an integrated approach adopted by both local and foreign teachers.
In addition to the cognitive and language foundation, we also believe that social, emotional, physical and moral education for the overall development of young children is very important, so we will give them enough freedom and opportunity to develop logical thinking and judgment, and a proper learning attitude with greater self-confidence and autonomy.
